HIGH AVERAGE OF \$29.38 MADE

By Jim Hamilton, of Garrard, It
Selling His Tobacco Over Dan-
ville Breaks This Week.

Undaunted by the snow storms and severe weather, business continues to go on in the same old way at the Peoples Tobacco Warehouse and the Walnut street house in Danville.

Tuesday morning the snow had covered the sky lights to a depth of nearly two feet and President Ike Dunn had forty strong men shoveling off the roofs until all were thoroughly cleaned. This has been a record season. Tuesday 126,000 pounds of tobacco sold over the breaks at the almost unheard of price of \$18.78 floor average. This is a record breaker for Kentucky markets and again stamps the Danville market in the forefront for the highest prices every day.

James I. Hamilton and Hicks, of Garrard county, broke the season record when they got an average of \$29.38 per hundred for 3,970 pounds. James I. Hamilton and Grimes, of Garrard, got an average of 20 cents a pound for 10,000 pounds.

These are only a few of the high averages. In fact every crop sold brought a high average as the prices are continuing to increase as the days go by. President Ike Dunn says tell the growers everything is getting in tip-top shape for handling their weed as fast as they bring it in and that prices are steadily increasing in Danville. There is a reason for Danville being the best market in Kentucky. The tobacco business there is operated on a strictly commission basis, is free from all speculation so far as the warehouse operators are concerned, and the ambition of Col. Dunn, Jesse Overstreet and Allen Heiatt is to get the biggest possible average for every crop offered, regardless of the size. Below are published a few of the dozen, yes hundreds, of big averages made this week:

Middleton & Whitehouse, of Boyle, county, sold the following baskets:

390 pounds nt \$17.50
350 pounds \$19.25
340 pounds \$20.50
400 pounds \$21.00
255 pounds \$21.50
655 pounds \$18.25
110 pounds \$14.00

AVERAGE—\$19.11

L. O. and C. E. Tucker, of Boyle county, sold the following baskets:

215 pounds \$16.00
110 pounds \$15.75
215 pounds \$19.00
205 pounds \$23.00
270 pounds \$18.00
60 pounds \$24.00
205 pounds \$21.00
90 pounds \$23.00
80 pounds \$19.50
160 pounds \$24.00
115 pounds \$23.00
290 pounds \$21.50
255 pounds \$19.50
265 pounds \$17.75

AVERAGE—\$20.71

Robinson & Malin, of Garrard county, sold the following baskets:

35 pounds \$18.50
55 pounds \$18.50
155 pounds \$17.75
200 pounds \$19.00
130 pounds \$19.50

A DELIGHTFUL EVENING

One of the most attractive and artistic entertainments ever in Stanford was given Wednesday evening at the opera house under the auspices of the Stanford High School, by Miss Gladys Beulah Powers, assisted by Miss Simpson, of the Gladys Beulah Power Co., of New York. As a reader and impersonator, Miss Powers has no peer. Her repertoire was varied and each selection was so charmingly portrayed that everyone appreciated her remarkable talent and ability. Miss Simpson accompanied at the piano and chimes and gave several enjoyable solos.

STOP THAT COUGH

A hacking cough weakens the whole system, drains your energy and gets worse if neglected; your throat is raw, your chest aches and you feel sore all over. Relieve that cold at once with Dr. King's New Discovery. The soothing pine balsams heal the irritated membranes, and the antiseptic and laxative qualities kill the germs and break up your cold. Don't let a cold linger. Get Dr. King's New Discovery today at your druggist, 50¢.

COLEMAN IS HEAD COACH

Stanford Boy Wins Another Great Honor In Football at the University of Virginia.

EXONERATED BY CORONER'S JURY

Killing at Danville of Q. & C. Engineer By Another Proves Case of Self Defense

News was received here this week that Harris Coleman, of this city, son of Mr. and Mrs. C. R. Coleman, has been chosen chief coach of the University of Virginia football team for next season. This comes as a remarkable tribute to this young man, who has already distinguished himself every year he has played upon the University of Virginia eleven. He served as captain year before last at which time his team defeated Yale, a rare honor. The college paper called College Topics, had this to say:

"Virginia is fortunate this year in securing the services of Harris Coleman, as he has played on the football team for the past four seasons and was captain of the famous team of 1915 which defeated Yale. He has been frequently mentioned for the All-Southern team and for two years has been on the Football Roll of Honor of Outing Magazine. He is a hard and consistent tackler and a close student of the game. Although he played at guard and tackle last fall, it was often evident that he did the thinking for the team and consequently developed a broad knowledge of the game. From the present and rather early outlook he will have a good field of material on which to work since there are a number of good men in College who were ineligible for the team last fall on account of the first-year rule. Coleman is 23 years of age and is a student in the law school where he will be a candidate for a degree in 1918.

The same paper also said editorially:

"Harris Coleman, head coach of football for 1917, is admittedly one of the best football players who has ever worn the Orange and Blue. In addition to his undisputed merit as a football player, he has a faculty for putting fight and enthusiasm into a team which few men possess."

"Topics" also contains the following item of interest:

"For the seventh successive year, "Outing Magazine" has picked n Football Roll of Honor. A canvass is made of all the prominent football coaches in the country, and before a man is placed on this roll of honor he must be recommended by at least two coaches who have seen him play. The 109 men who have been chosen this year representing 50 different institutions. The University of Virginia has two men on this Honor Roll—Harold Sparre and Harris Coleman. The latter was also on this list last year.

For the first time in a number of years the University of Virginia football team will come to Kentucky for a game this fall. Much interest will attach to this game on account of the fact that Coleman will be the head coach of the visitors, is a Kentucky boy himself and played on the Lexington gridiron as a member of the famous Stanford High School football team of several years ago. The Virginians have arranged to play Transylvania at Lexington Nov. 3. The last appearance of the Virginia team in Lexington was in 1902 when they defeated Transylvania, then Kentucky University, 12 to 0. John Stuckey and Hugh Brouston were members of the Virginia squad that year. The Yancey brothers, Cantrell, Thompson, George Pyle and other

The Governor And The Mob

Gov. Stanley's action in going to the affair from a very pertinent angle, when it says: "Gov. A. O. Stanley made a great play to the guillotines last week by rushing to Murray for the purpose of preventing a negro's lynching by a mob. The negro killed a policeman. Of course, the Governor's action, while somewhat dramatic, was all right but we started out to say that if Stanley will quit pardoning so many cut-throats and criminals, thus assuring the people that justice will be done by the regular law, then perhaps mob spirit will not be so bad in Kentucky." As opposed to mob rule. It would how-

ever, undoubtedly have much more effect if the governor's habit of pardoning so many criminals out of the penitentiary were not so pronounced.

The Hopkinsville Kentuckian, which has always been a loyal friend of the governor, says that "there has been more or less grand stand playing at the expense of Judge Bush" who was right in the thick of the trouble at all times, and appears to have been made the guiltless "goat" of the whole affair by the Courier-Journal. The Hopkinsville paper then says:

"The man who saved Luke Martin's life, by sending him out of town at the risk of mob violence to himself was Judge C. H. Bush. Because he afterwards resorted to strategy to pacify a howling mob, to gain time for Gov. Stanley to act, it does not follow that he displayed less courage than the Governor himself. Single handed he had quieted a howling mob before the Governor arrived. It ought to be possible to give Gov. Stanley due credit for going to Murray, without making a goat of Judge Bush who was there all the time and did not leave until the Governor left. The Governor himself, who knows all the facts, ought to stop the vicious assaults on Judge Bush by the Louisville papers."

The Winchester Democrat looks at the affair from a very pertinent angle, when it says: "Gov. A. O. Stanley made a great play to the guillotines last week by rushing to Murray for the purpose of preventing a negro's lynching by a mob. The negro killed a policeman. Of course, the Governor's action, while somewhat dramatic, was all right but we started out to say that if Stanley will quit

How Montgomery Farmers Look At the Proposed New Tax Law

The farmers and business men of Montgomery county didn't mince words in their mass meeting when they adopted resolutions of protest against an extra session of the legislature, and the enactment of the proposed new tax law. They go into the subject from several view points, and it would be a good thing for all concerned to do the same before such a proposition is given an endorsement from any source. Read what the farmers and taxpayers of Montgomery county thought of the matter, in the following resolutions:

"First—That we call upon our Governor to report to the people of the State the number of useless offices he has found at Frankfort, as we recall he said he would do before the election and in his inaugural address. We would especially be glad to have his views as to the necessity for the following offices: Separate commissions for our Penal and Charitable Institutions; Insurance Board, attorney for such a board, which, as we recall, the Attorney General said was a useless place, as well as Special Attorney Generals; the Game and Fish Commission; Hotel Inspector and deputies; deputies in Game and Fish Commissions; Fire Marshal, deputies, etc.

"Second—We believe the report of such Tax Commission is an unjust and unfair tax, in that it does not lay the burden of taxation upon all classes of property fairly or equally. We therefore condemn such report because of such fact and the further fact that it calls for the creation of another useless commission (more officers for the State), as we believe

the work of a new tax bill, if one is adopted, should be done for the people of the State by the elective officers.

"Third—We condemn the report because it will greatly and unjustly increase the taxes upon the lands, in proportion to that of other classes of property. We favor a revenue law and believe that one should be framed that all property in Kentucky, real and personal, would be made to bear its just proportion of taxation.

"Fourth—We call to the attention of the Governor, the members of the General Assembly, and the public, the fact that Kentucky is now fifth in coal production in the United States and its development has only begun. We therefore believe our valuable coal deposits should pay its just proportion and that at least ten cents per ton of coal mined should be required of the coal interests of the State. We further believe that the great liquor interests of the State should pay its just proportion, which we feel is not now being done, as whisky is assessed at \$12 a barrel and any barrel of whisky is worth from \$100 to \$120.

"Fifth—We condemn that part of

the report which exempts the few broken plows and rusty farming implements found on the average farm since it is a matter of common knowledge that such tools are of little value and the insertion of this clause is, therefore, a reflection upon the intelligence of the farmers of Kentucky.

"Sixth—We call upon our Governor to report to the people of the State the number of useless offices he has found at Frankfort, as we recall he said he would do before the election and in his inaugural address. We would especially be glad to have his views as to the necessity for the following offices: Separate commissions for our Penal and Charitable Institutions; Insurance Board, attorney for such a board, which, as we recall, the Attorney General said was a useless place, as well as Special Attorney Generals; the Game and Fish Commission; Hotel Inspector and deputies; deputies in Game and Fish Commissions; Fire Marshal, deputies, etc.

"Seventh—That a copy of these resolutions be mailed to the Hon. A. O. Stanley, Governor of Kentucky, for his distinguished consideration. (Signed).

"R. R. WHITSITT, Chairman.
"A. B. RATLIFF, Secretary."

The Lexington commerce bodies and the Blue Grass fair have secured the services of Denny B. Good as secretary and manager. They could have made no better selection. Denny is good when it comes to putting the right sort of pep into any sort of institution, and if the business men of the fair queen of the Blue Grass listen to him he will put her on the map by such a large majority as she has never known before. The country newspaper boys are all with you, Denny; go to it.

OVERWORKED MOTHER

Finds Health In Our Vinol
Collinsville, Ill.—"I suffered from a nervous breakdown and terrible headaches and was tired all over, totally worn out and discouraged, but as I had a large family I had to work despite my suffering. I saw Vinol advertised and decided to try it, and within two weeks I noticed a decided improvement, and now I am a well woman."—Mrs. ANA BICKER.

We guarantee Vinol, our non-secret tonic, to strengthen and build up weak, run-down, overworked mothers, delicate children and feeble old people. The Penny Drug Store, Stanford, Ky.

James A. Benzley, of Lancaster, has announced as a candidate for the democratic nomination for representative in Garrard county, and from the tone of the Record, one would be inclined to suspect that Editor Joe E. Robinson is not very "warm" for him. Very probably not, and hardly to be expected. Editor Robinson, who is Stanley's handy man up in this section of the woods, knows that if Jim Beazley goes to the legislature from Garrard, neither Stanley nor any of his whisky gang which run things in the state house just at present, will be able to "handle" Mr. Beazley in the slightest degree, and naturally and to be expected, Mr. Robinson is not "for him."

America lost her first and foremost military hero of the generation when Admiral George Dewey died at Washington Tuesday. He was 80 years old, and had spent 62 years in the service of his country. His victory at Manila Bay will always be the bright particular glory of the Spanish War.

Dinner Stories

The lady of a good family was showing her ancestral home to her son. She pointed with special pride to a bust of her father.

"And that, Bobbie," she said, "Is your grandfather?"

Bobbie looked somewhat perplexed.

"Is that all there was of him?" he asked.

Mrs. Mellen did not wish to offend her new cook.

"John," she said to the manservant, "can you find out without asking the cook whether the tinned salmon was all eaten last night? You see, I don't wish to ask her, because she may have eaten it, and then she would feel uncomfortable," added the good soul.

"If you please, ma'am," replied the man, "the new cook has eaten the tinned salmon, and if you was to say anything to her you couldn't make her feel any more uncomfortable than she is."

A gentleman dining at a hotel where the servants were "few and far between," dispatched a lad among them for an order of beef.

After a long time the lad returned and was asked by the faint and hungry gentleman:

"Are you the lad who took away my plate for some beef?"

"Yes, sir."

"Bless me!" resumed the hungry wit, "how you have grown!"

"Who's down there?" called Dr. Stich, thrusting his head, features and neck out of his bedroom window.

"It's me, doctor," said a dark figure on the doorsteps.

"Oh, you," said the doctor.

"The baby has been crying these four hours, and everybody in the house is up, but nobody can quiet him," said the dark figure on the steps.

"The poor child!" said Dr. Stich. "I'll throw down some sleeping powder."

And he did, and Mr. Wee Gates—for it was he—hurried home with them, and found the baby still crying and the family awake and worrying.

"Here, everybody," said Gates. And he gave a sleeping powder to Mrs. Gates, one to Aunt Iron Gates, one to Miss Garden Gates and took one himself.

And they all fell asleep immediately and didn't hear another sound from the baby till next morning.

After a long drought there fell a torrent of rain and a country gentleman observed to Sir John Hamilton: "This is a most delightful rain; I hope it will bring up everything out of the ground."

"By Jove, sir!" said Sir John, "I hope not, for I have buried three wives."

Louisville bank deposits have gained \$10,000,000 since Jan. 1st, due to tobacco sales.

Keeping Yourself Well

DRIVING OUT CATARRH

If people knew how the presence of catarrh is a constant menace, they would have none of it. It infests some part of the delicately adjusted body nearly all the time, and causes trouble on the other organs more than their share of work. It affords a carefully prepared seedbed for the germs of colds, grippe, influenza and pneumonia, and it harbors bacteria that cause diphtheria. Nature's delicate plans to make no possible nostrils, hay fever and other respiratory disorders. It spreads until it becomes systemic, thus involving every organ and finally the entire system with serious results.

Catarrh is easily neglected, and rarely gets well of itself. It needs proper medical correction. It is often a remedy, many thousands have found help in Peruna, a valuable tonic with special efficacy in catarrhal conditions. The aim is to break out the inflammation and tone up the whole system. Its users willingly testify that it has done all this and even more for catarrhal sufferers. What it does is the best proof of what it will do. You may rely on Peruna.

In tablet form it is pleasant to take and easy to administer.

Peruna Co. Columbus, O.

In God's Garden

To My Mother

The Master walked in His garden fair,

By its paths of purest gold,
With its marvelous gates of gleaming pearl,

And its miracles manifold.

With tender eyes, He looked upon
The souls that His blood had bought,

That numberless host, in robes of white,
Wonders His love had wrought.

But with yearning heart, He paused beside

A beautiful "Place prepared"
For a child of His love, whose blameless life

His joy and His cross had shared.

Then He turned to the Angels about the throne

And said "You will go with me

For this child beloved, who is passing now

To her crown, through her Calvary

Then a wonderful light and a whirl of wings

O'er the echoless, silent sea
And a spirit passed into the Savoir's arms

To the shores of Eternity.

She sleeps not here, this ransomed soul,

'Neath the earth's cool, peaceful sod

Her beautiful "House not made with hands".

Is safe in the garden of God.

—Elizabeth Helm Saunders.

Jan. 17, 1917.

Sarah Williams was found frozen to death in a snow drift near Mingo mines, five miles from Middlesboro. The woman was passing from one section of the country to another when she was caught in a severe snow-storm.

Breaks A Cold In Just A Few Hours

"Pape's Cold Compound" Ends Grippe Misery—Don't Stay Stuffed-up!

You can end grippe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

Says Simple Remedy Prolonged His Life

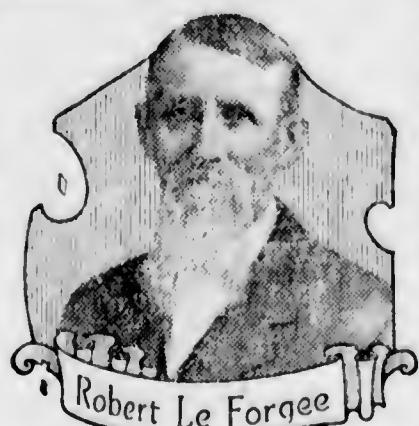

**DR. CALDWELL'S SYRUP PEPSIN
EFFECTIVE AS A REMEDY
FOR CONSTIPATION**

Among older people the various organs of the body have a tendency to slow up and weaken, and this is usually first manifest in a pronounced inactivity of the bowels.

Good health is dependent on regularity in this important function; whenever there is the slightest indication of constipation a mild laxative should be taken to relieve the congestion and dispose of the accumulated waste. Cathartics or purgatives should not be employed, however. These are too violent in action and their effect is only temporary.

A mild laxative such as the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepin, is the ideal remedy. It is gentle in its action, bringing relief in an easy, natural manner, without griping or other pain or discomfort, is pleasant to the taste, and can be obtained in any drug store.

Mr. Robert LeForge, 918 Kirkwood Boulevard, Davenport, Iowa, says he has always had a bottle of Dr. Caldwell's Syrup Pepin in the house for the past eighteen years,

Robert LeForge

and that by using it occasionally as the need arises, and in this way keeping his health good, it has prolonged his life, and brought ease and comfort.

Dr. Caldwell's Syrup Pepin is sold by druggists everywhere, and costs only fifty cents a bottle. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

Mrs. Morris Bartlett, president of the federation, presided. A meeting of the Executive Board was held Wednesday evening, and the subjects discussed at today's meeting were planned.

The Press Committee of the State Federation of Women's Clubs, of which Mrs. George Starr is chairman, sent the following note from their publication bulletins:

From the Louisville Evening Post of January 11th:

A Board of Directors' meeting of the State Federation of Women's Clubs, was held today in the Leather Room of the Seelbach Hotel. About thirty women from all parts of the State are in attendance.

Mrs. Morris Bartlett, president of the federation, presided. A meeting of the Executive Board was held Wednesday evening, and the subjects discussed at today's meeting were planned.

It was decided that the next annual meeting of the State Federation will be held at Fulton the second or third week in May.

The State Equal Rights Association affiliated with the federation, and several other clubs were accepted also by the Executive Board at the meeting last night.

Mrs. Bartlett was hostess to the entire board at a luncheon at the hotel. Among those in attendance were:

Mrs. Morris Bartlett, president, and Mrs. Hildie B. Ripy, corresponding secretary, of Lawrenceburg; Mrs. Luther Willis, of Shelbyville; Mrs. Lafon Riker, of Harrodsburg; Mrs. H. C. Reynolds, of Paducah; Mrs. James Sims, of Bowling Green; Mrs. T. J. Smith, of Richmond; Miss Fanzie C. Rawson, of Frankfort; Miss Amanda Rodes, of Danville; Mrs. J. C. Helburn, of Eminence; Miss Mary E. Sweeney, of Lexington; Mrs. Richard T. Lowndes, of Danville; Mrs. Alfred Zembrod, of Lexington; Miss Katherine Cochran, of Lexington; Mrs. George W. Grant, Mrs. James A. Leech, Mrs. J. H. Dickey, Mrs. C. P. Weaver, Mrs. Frank Johnson, Mrs. Marc Keen, Mrs. Robinson, A. McDowell, of Louisville.

A proposition to issue a volume reviewing women's work in Kentucky under the auspices of the State Federation of Women's Clubs was discussed and accepted.

Mrs. Mary Sweeney, chairman of the home economics' department, gave an interesting report of the progress of activities in this branch of federation work. Miss Sweeney said that a survey of 23,000 school children has already been made—what the children eat for breakfast, lunch and dinner, whether they sleep with open windows, and other important data.

The survey is being extended in the rural districts.

To the Public:

I represent the largest and best made-to-order clothing house in this country.

Ed. V. Price & Co., Chicago, Ill. My experience in the business is great.

My order is given you a chance to make over your clothes, give me the advantage over one who is not a practical tailor. If you will give me your order, I will promise you a square deal. You will get the worth of your money, either in the lowest grade or the highest prices. My FALL and WINTER line of samples is now ready for your inspection. Call now and let me show you.

It's Summer Time in Florida

It's Summer Time in Florida

Neglected Colds Grow Worse

A cough that rakes and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsams in Dr. Bell's Pine Honey—Nature's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all druggists, 25¢.

"Cascarets" Best If Headachy, Bilious, Sick, Constipated

Best For Liver And Bowels, Bad Breath, Bad Colds, Sour Stomach

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet, breath right, complexion rosy and your liver and bowels regular for months.

Houstonville

C. C. Cunningham, of Louisville, was here last Friday in the interest of the Walter A. Wood Machine Co.

The sale of Mrs. W. R. Williams' household goods on last Thursday was fairly well attended and sold very well. John Riffe was auctioneer.

Eugene Dunn and Company sold their farm in the city limits, fronting on the Liberty pike, to B. W. Leigh for \$2,000. Barney says he has to have a place for cow pasture next summer.

Mr. Weddle has rented Mrs. W. R. Williams' residence on West Main for this year and will move to same at once.

E. McCormack has moved Uncle Thomas Bailey into his scales office, on West Main street, for a guard to his barns and feed.

All Land and C. F. Montgomery, of Liberty were business guests of our town last Friday.

Dr. J. T. Bohon, of the Heights, returned home last week after a visit to his daughters, Mesdames Riffe and Ucker.

Dr. Weddle has rented rooms for his office over Adams Bros.' drug store.

Lee Edington left last week for his home at Denver, Col., after a visit to his father and sister.

Will Riffe has installed another dandy gasoline engine at his garage, of his own get-up.

We did not get any mail at all Sunday.

W. B. Floyd, of Yuma, Arizona, was here a short time Sunday afternoon.

Mrs. Walter Owsley and baby have returned to Louisville after a visit to her father, W. D. Stagg and other relatives.

Clyde Noel, of Harrodsburg, was here to see his father, W. B. Noel a short time ago and was taken ill with typhoid fever and is in a critical condition.

Two well dressed young men came into our town last Friday evening and after wandering around town for a while left, going toward Stanford, hunting a place to stay all night free. They claimed that they were out of money and were from Michigan and were trying to get to the sunny south for the winter. They finally found rest at the home of S. Murphy. Mr. Murphy kept them over night and gave them a good supper and bed to sleep in and breakfast the next morning. They offered to work to pay for their lodging, but Mr. Murphy would not allow them to work. It is thought that they were boys who had gotten into trouble and were trying to get away from home. They gave their names but no one believes that they gave their proper names.

A 14-inch snow fell here last Sunday.

Miss Mollie Austin is in a very serious condition at present and her many friends are very uneasy about her.

Since the heavy blockade of snow on the roads the tobacco hauling has been checked as it takes four good horses to pull any kind of a load.

Wallace Ellis took an extra load of fine tobacco to Harrodsburg Monday and received a fancy price.

T. L. Carpenter and wife have been at Liberty with their daughter, Mrs. C. F. Montgomery.

Fire inspectors were here last week looking around and some of our citizens may expect to get notices in regard to conditions.

James Camden of Pigtown, on Carpenter's Creek, was a business visitor here a few days ago.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Wedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, fits, stomach trouble.

Ten years ago a friend told me to try Wedford's Black-Draught, which I did and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine we ever tried.

We never have a long spell of sickness in our family, since we commenced taking Black-Draught."

Wedford's Black-Draught is pure vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25¢. Order package to-day.

FROM I. J. READERS

Philadelphia, Pa., Jan. 13, 1917.
Mr. S. M. Saufley,
Stanford, Ky.

Dear Sir:—I am enclosing my check for \$1.50 in payment of my subscription for the Interior Journal to January 1918. This makes my 22nd year. My son, Reid, of Hustonville, Ky., is here with me now and we both read the I. J. with much interest. Wishing you success with your interesting home paper, I am

Yours very truly,
JOS. L. CONWAY.

New Castle, Ind., Jan. 15, 1917.
The Interior Journal,
Stanford, Ky.

Gentlemen:—Will you please change my address in mailing the I. J. Old address Dunreith, Ind.; New address New Castle, Ind., 137 No. 21th. I look for my old home paper twice a week and I am always glad to read it and especially the Highland items. I have accepted a position with the Prudential Insurance Company and have bought property here. So please send Tuesday's I. J.

Your friend,
JOHN H. YOUNG.

Ft. Worth, Tex., R. 7, Box 92-A.
Interior Journal,
Stanford, Ky.

Gentlemen:—You will please find enclosed check for subscription to the Interior Journal and Cincinnati Post. We are getting along nicely. In many respects I like North Texas better than Southwest Texas, but the climate is not so pleasant during part of the winter. I am attending the South West Baptist Seminary and I am well pleased in every respect. It is a great school with great ideals. Here are some ten or twelve Kentucky boys in school here and two of our professors are Kentucky men. And I

think all of the professors are graduates from the Southern Baptist Seminary. With kindest regard and good wishes. Your friend,

(Rev.) M. G. MURPHY.

Mitchellsburg

Mrs. Bettie Broyles, daughter, Mrs. J. H. Shively, Mrs. M. D. Snow and W. B. Broyles were in Lebanon last Friday to attend the burial of Mr. S. M. Shively. J. H. Shively returned home with them. The trip was made in Mrs. Broyles' touring car.

Mr. J. B. Crane returned home last week from Tennessee with two car loads of cattle.

Mrs. I. T. Broyles gave a birthday dinner on January 12th, in honor of her husband's 34th birthday.

John Russell of Perryville and a Mr. Milton, of Washington county, while driving up the Mitchellsburg road, some time Saturday night ran into a telephone pole which had fallen across the road in front of Mr. Thompson Broyles' residence. Mr. Milton's arm was broken and the buggy demolished.

Miss Birdie Robard is still very ill.

Born to the wife of Fulton Matherly, a fine girl.

Mrs. Bettie Broyles bought of J. H. Shively a nice driving mare.

On account of the deep snow there has not been any mail run from Harrodsburg to this place this week and it has been carried from this place to Perryville on horseback.

Mrs. Marguerite Snow, of Waynesburg, is the guest of her parents, Mr. and Mrs. Thompson Broyles and is having some dental work done in Danville.

A. J. Rigdon and family have moved from this place to Jackson, Ky.

Want Fair Privileges

Concession Men Want To Get In On Stanford's Fair This Year.

Concession men are already seeking to obtain the privileges for this year's Stanford Fair. All indications point to the biggest and most successful fair ever held in Lincoln county. E. C. Winton, who made such a decided success with the fair last year, has been unanimously agreed upon for secretary of the next fair, and he has already received several letters from men asking for privileges. Some are offering to pay more than they have on previous years, for the Stanford fair has made its reputation far and wide as the best county fair in the state. A meeting has been called of the stockholders at the K. P. Hall Saturday afternoon, January 27th, at two o'clock, when further organization matters will be gone into. Requests for stock are coming from leading farmers and business men all over this part of the state, and it seems to have resolved itself into the simple proposition of just how much capital will be needed to put things moving properly.

BAD HABITS

Those who breakfast at eight o'clock or later, lunch at twelve and have dinner at six are almost certain to be troubled with indigestion. They do not allow time for one meal to digest before taking another. Not less than five hours should elapse between meals. If you are troubled with indigestion correct your habits and take Chamberlain's Tablets, and you may reasonably hope for a quick recovery. These tablets strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

Latest War News

The German advance in Rumania has apparently been brought to a standstill through the heavy re-enforcements brought up by the Russians and Rumanians. The reports from Berlin tell of only two successes. On the other hand, the Rumanians put down a German attack south of Monastir-Kachinui in the Kasino River, and southwest of Pleo surrounded a German position and captured a large number of men and four machine guns. The Russians are shelling the towns of Tultcha and Izakeha, across the Danube in Dobrudja.

The British in France have extended further their gains of Wednesday, near Beaucourt-Sur-Ancre. The French and Germans in the Vosges Mountains, in Lorraine and near Soissons, are engaged in artillery duels which are described by the French War Office as being of "a rather serious character."

A German commerce raider has been working havoc in the Atlantic Ocean on Entente Allied shipping. Between the Azores Islands and the South American coast during the period from December 12 to January 10 at least thirteen vessels—ten British steamers, a Japanese steamer and two French sailing craft—were captured by the raider and it is presumed that most of them were sunk. Thirteen Americans are among the survivors.

The British Admiralty assumes that eight of the British steamers and the two French sailing ships, all of them long overdue and some of them known to have been loaded with arms, ammunition, horses and other war supplies for the Entente Allies, have been sunk by the raider.

The German lines are being hard hit in France, the British making decided gains in places. Canadian troops made a brilliant raid on German trenches, demolishing them and taking 700 Germans as prisoners. The Russians have recaptured a village recently lost and are maintaining an aggressive offensive.

FIGHT ON HOG CHOLERA

"I hope before the end of my administration to see hog cholera eradicated from Kentucky," declared Commissioner of Agriculture Mat S. Cohen, chairman of the State Live Stock Sanitary Board last week after a conference of the board with representatives of the Federal Bureau of Animal Industry in regard to cooperative efforts for the control of all contagious diseases among animals. Special efforts are now being made for the eradication of hog cholera, which cost the agricultural industry of the state \$2,000,000 in 1912, and Commissioner Cohen said they agreed, on a plan of work which he believes will be effective. It has to be sent to Washington for approval. Since 1912 hog cholera has been reduced about half, principally due to the rigid inspection and disinfecting of stock cars during the fight against foot and mouth disease. The Kentucky department endeavored to continue the practice, but could not get the co-operation of the Government and other states.

TERMS:—Sale will be made on a credit of three months' bond with approved security required, bearing interest at the rate of six per cent, per annum from day of sale, and having the force and effect of a sale bond. This 12 day of January 1917.

Amount of debt and costs to be raised \$41.15. J. G. WEATHERFORD, Sheriff of Lincoln County, 8th

SHOES For Everybody

In our opinion the most serious proposition of general interest, that confronts us is the

HIGH PRICES OF LEATHER

We do not believe that any reading, informed man will tell you that leather will be any cheaper for several years and all the indications are it will be higher. We would not advise you to buy something you do not need. You can't go without shoes. You are bound to have them—the best you can get today are not good enough—the low price ones are worthless. Don't buy them. Don't put your money into cheap shoes. We have tried to buy good ones for you. Our experience of 25 years enables us to know the best ones—our advice to you is to buy good ones and take better care of them—have the heels, seams and soles repaired as soon as needed. Keep them well oiled and you will get a reasonable amount of wear out of them. : : : : :

CLIMBED STAIRS ON HER HANDS

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story:

Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me

to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSTON, Route D, Box 190, Richmond, Ind.

**Lift Your Corn****Off With Fingers**

Tells How To Loosen A Tender Corn Or Callus So It Lifts Out Without Pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you. 6-1

Miss Elizabeth Farra visited friends in Lexington this week.

Miss Jenn Wood is the guest of Miss Mary Lee Givens at Hubble.

Mrs. T. J. Hill, Jr., has returned home after a visit to her parents at Cincinnati.

Mrs. John E. Ballard, of Lancaster is expected today to be the guest of her daughter, Miss Marie Ballard of the local school faculty.

Dr. Mack Elliott, of Lancaster, was in Stanford Thursday returning from Louisville, where he spent several days.

Misses Katie Lynn and Sarah Wood and Elizabeth Carter are the weekend guests of Misses Adeline and Belle Russell on Logan avenue.

Capt. Wm. Mershon and J. C. Reynolds testified in a railroad damage case at Frankfort hursday. Chief Law Agent Ashby Warren was one of the representatives of the railroad.

Mr. and Mrs. W. H. Shanks left Thursday for a trip of a few weeks in the south. Mr. Shanks will spend some time in Columbus, Ga., on business after which they will go to a winter resort in Florida for a short visit.

Miss Minelle Pruitt, of Moreland, has been the recent guest of Miss Ida Holtzclaw.

Miss Alva Holtzclaw, of Lancaster has been the guest of Miss Ida Holtzclaw.

Mrs. Walter W. Saunders went to Louisville Thursday afternoon. She was accompanied by her sister, Mrs. J. C. Lynn.

Mr. and Mrs. C. L. Carter are here from Greensboro, N. C., and it is probably that they will make their future home here.

Mr. and Mrs. James H. Wright and little son, Julian, have returned from a short visit to his relatives at Lebanon and Nashville, Tenn.

Col. M. F. Elkin, of Lexington, passed through Stanford Wednesday morning, to Lancaster to attend the funeral of his aunt, Mrs. Salter.

Ben Jennings, foreman of the I. J. went to Frankfort Thursday to testify as a witness in a damage suit against the L. & N. railroad.

Mrs. Sam Raines, of Liberty, who has been the guest of Mrs. Annie Jordan, has returned home. Mrs. Jordan returned with her for a visit.

J. E. Johnston, of Pittsburg, Pa., was here several days this week, the guest of his wife's father, Col. George P. Bright and her sister, Mrs. Susan Yeager.

District Game Warden Sam J. Embry has been phoning all over the four counties of his district, Lincoln, Casey, Boyle and Mercer, requesting the farmers to throw out feed for the quail, which will die by thousands during the heavy snow unless they are fed.

Thousands of birds are believed to have already perished during the recent cold spells and unless the people in the rural districts contribute to their maintenance only a few will survive the winter. Many sportsmen are engaged in an effort to induce the farmers to scatter grain abundantly to preserve the quail and other birds, as they will be practically without food as long as the snow lies on the ground and those that do not die of cold will perish through starvation.

A little grain scattered in hollow places on top of the snow will furnish enough food to sustain the birds until the snow goes off when they will be able to secure their own food.

Scores of persons have already caught the spirit in the effort to preserve the birds and are following the appeal of the sportsmen all over the country.

The Fish and Game Commission has sent out an appeal to farmers to assist in the effort to provide food for birds during the cold weather.

Throughout the State this body is rendering all the assistance possible toward this end.

AN AGED COUPLE

Tell How They Regained Strength and Vigor

Steubenville, Ohio.—"My husband is 70 years old and I am 78 years of age and we owe our good health to Vinol, the greatest strength creator and medicine there is. When either one of us get into a weakened, run-down condition, Vinol has never failed to build us up and restore strength. We have often said we would not be living now were it not for Vinol."

MARY A. LEE

We guarantee Vinol to create strength for feeble old people.

94-24

Here, There, Everywhere

Three companies of the Kentucky National guard have been ordered home from the border by the War Department, acting upon the request of Gov. Stanley, who, as a result of the recent trouble at Murray, saw the need for a small force of militiamen for use in case of emergency. The companies, made up of Louisville, Frankfort and Hopkinsville guards, were directed to begin the return trip immediately.

Orville, 10 years old, and Eugene, 7, sons of William Bellomy, were burned to death and their brother, Russell, 12, probably fatally burned in fire which destroyed their father's residence on his farm, about six miles from Vanceburg, Lewis county. The father and mother were badly burned in a vain attempt to rescue their children.

Mrs. Lena Walker, 84 years old, was burned so badly Thursday morning that she died within a few hours. Her clothes caught fire and nearly burned off her before the attention of any members of the family were attracted. Mrs. Walker is the mother of T. H. Haynes, prominent business man of Louisville and Knoxville.

News of the Churches

Presbyterian Church, Sunday Jan.

21—Sunday School at 9:55; Morning

service at 11 o'clock. C. E. topic,

"Seeing God in Others." Phil 2:1-11.

Evening service at 7 o'clock.

Services at the Christian church

Sunday, Jan. 21. Rev. Joseph Baile

will preach at the morning ser-

vice. The pastor will preach in the evening.

Regular services at the Methodist

church Sunday morning and night,

THE FARMER'S LIFE
The farmer lends no E Z life,
The C D sows will rot;
And when at E V rests from
strife.
His bones all A K a lot.
In D H has to struggle hard
To E K a living out,
If C D frosts do not retard
His crops there'll B A drought.
The hired L P has to pay
Are awful A Z too,
They C K rest when he's away
Nor N E work will do.
Both N Z cannot come to meet
And then for A D takes
Some boarders who se R T eat
Sick in old A G lies
And E no money makes.
Of little U C finds this life,
The debts he O Z leaves his wife
And then in P C dies.—Ex.

Robert W. Chambers' Discovery

Broadway, a den of home-seekers! Robert W. Chambers says so. In a remarkable interview, the famous novelist defends the character of a New York play girl. He says in part: "In every age there have always been the young 'yip-yags.' We notice her more today, because she is better dressed, more sure of herself, more convinced that her way is right and that play is essential. But I find as I study these young people that not all is desire for gayety, for personal beauty and comfort and brightness—there is old dominating impulse to mate. Indeed often it is the desire for this very thing that leads these young people to Broadway; but what they want is a home, the safe retreat, the man that belongs to them, the child that needs them." There is a profound truth in Mr. Chambers' gallant defense—the fundamental instinct to love and to mate. Mr. Chambers has always thoroughly exemplified this in his fiction, and never so well perhaps as in his latest novel "The Dark Star," appearing in Cosmopolitan Magazine.

HERE'S THE HOG

BOUREK J REMEDY CO.,
Lexington, Ky.
Enclosed find photo of hog that was cured of colic. This hog was almost dead before using the medicine, and then was entirely cured, except ears, tail, etc. The hog is owned by Mr. Eddie Ewing, of Bowling Green, Ky. He will be glad to show you the animal, and we can give you full guarantee if you want them.

Harris' Creek

Another sad and terrible scene was witnessed here on Dec. 23rd. The writer was not present but from what I can learn all was peace and quietness. A large audience had assembled to celebrate the birth of our Savior, but of course the devil could stand it no longer. He must take a hand—and he did his work well. We have now in our cemetery a newly made grave and when the light of that day one went out it cast a gloom over the entire community. The newly made grave is not all we have to remind us of this awful tragedy but a widow and five children. Mr. Benedict—"Willie" as we all called him—little thought when leaving home on that fatal evening that he had bid farewell, as no thought of trouble had entered his mind. His death came as the judgment will—as a thief in the night—God grant that we will never experience another Christmas as sad as the last one. The writer wishes to extend her heartfelt sympathy to the loved ones in their bereavement also to the mother of the boys who are in this trouble for my heart aches for her. May she be comforted by the Comforter whom we can depend, our Saviour.

Mr. Freeman, of Danville came over last Sunday to superintend the Sunday School.

The foundation has been laid for the new church and lumber all sawed. We hope to see it completed soon.

Mr. Walter McElfresh's new house is about completed.

Arthur Gaddis and family have moved back to the Stella Root property.

Miss Julia Gaddis left Saturday for Frankfort, where she will visit her sister, Mrs. Albert Martin.

Mrs. Nannie Clem, of White Oak, is the guest of her daughter, Mrs. Jack Rice.

Miss Allie M. Owens is able to be again after having the measles.

Mrs. Wm. Gordon, of Parksville, was the guest of Mr. and Mrs. Jasper Gaddis Monday night.

Sloan's Liniment Eases Pain

Sloan's Liniment is first thought of mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than messy plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all Drugists, 25¢.

King's Mountain

Born to the wife of Harvey Jenkins, a baby boy.

Farmers are expecting a fine crop of wheat on account of the deep snow.

Mrs. W. D. Laswell is ill with laryngeal.

Grandma Gourley had the misfortune to get a fall last week and has been confined to her bed since, but is slowly improving.

C. L. Hensley has had an attack of cholera morbus.

Collis Singleton continues quite ill.

Miss Maggie Horton has returned to Cincinnati after spending the holidays with parents here. She has a nice position in the five and ten cent store there.

Miss Eliza Walls left last week for Louisville, where she will spend a few months with her daughter.

Alonzo Sims has accepted a position on the Q. & C.

Wesley Buston returned to Carthage, Ohio to fill his position after a few days' stay with his family.

Oliver Singleton, who has been at the bedside of his brother for several days left Monday for Carthage, O., to resume his work.

Dena Reynolds and wife are visiting the latter's parents at Barberville.

Miss Deila Rigney, of Eubank, visited her mother here last week.

Miss Edith Wall is with Mrs. Henry Leach for a few weeks.

Mrs. Sam McKeethan sold her place to Elvoda Floyd of Detroit and has moved to Tennessee.

Mr. Pickett and family, of Georgetown, have moved to Mr. Allen's property, near Duncan, recently vacated by James Neal.

V. C. Gilliland and family have moved to the Cannon property.

Elmin Godfrey is here with his parents.

Lafayett Leach was found dead near the Gooch graveyard Monday morning. The cause is unknown.

Miss Grace Thompson entertained several of her friends Friday evening in honor of her birthday. Those present were: Misses Odie and Virginia Walls, Edith Laswell, Ella and A. G. Wilson, Hazel and Bessie Gooch and Mayme Brown. Messrs. Donald Pickett, Sheldon Marks, Dailey Dunaway, Earl Sturgeon, James Flint, Mason Caldwell, Perry Reynolds and Russell Thompson. An enjoyable evening was spent by all.

Mrs. Bud Skidmore returned home Sunday from Somerset, where she has been treated by Dr. Anderson and is much improved her friends are glad to know.

Fred Reynolds bought a horse of Jack Sims of Moccasin.

Thomas J. Mayo, 76 years old, died at Paintsville Monday after a lingering illness. He was the father of J. C. C. Mayo, financier, who died three years ago.

You Can't Find Any Dandruff, And Hair Stops Coming Out

Save Your Hair Make It Thick, Wavy, Glossy And Beautiful At Once

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggly, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment. A 25-cent bottle will double the beauty of your hair.

Ottenheim

Mr. J. R. Russell, who has been very ill is slowly improving.

Mr. Emil Henson, Sr., is improving since the amputation of two fingers which were frozen.

Gas seems to be the leading text of bad day talks about the stores, since the element has been found on Buck Creek.

Mr. James Russell sold some shoots to Wm. Anderson for about nine cents.

Mr. Henry Jentsch happened to the misfortune of sticking a nail in his foot.

Mr. Fred Nickula is building an addition to his house. James Russell is the contractor.

Mr. Frank Wientjes is doing some carpenter work for Mr. Henry Jentsch.

Mr. Paul Ennsin was the guest of Dr. Russell Sunday afternoon.

Russell & Ennsin have moved their mill to the Elder place on the Somerset and Crab Orchard pike, where they hope to find a nice lot of timber.

Mrs. Chas. Gangloff has been on the sick list, but is somewhat improved.

Mr. Oscar Vanhook, of the Maywood section, has moved to the Fred Wade farm, where he will cultivate a grain and tobacco crop.

Mr. Chas. Kerr, who rented the Tschanz farm is about through moving.

Mr. Paul and Miss Emma Ennsin entertained a number of their friends by giving a delightful social at their home on Jan. 2nd. Delightful refreshments were served and everybody seemed to have a good time.

Do It Now

Stanford People Should Not Wait Until It Is Too Late

The appalling death-rate from kidney disease is due largely to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms often give place to chronic disorders and the sufferer may slip gradually into some serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if your kidneys show signs of being disordered, help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they act where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. S. E. Owsley, E. Main St., Stanford, says: "I had severe pains in my back. My limbs ached and were swollen badly. My kidneys throbbed and ached and were swollen and sore. My head ached and I had dizzy spells. My hips were so sore and painful that it caused me a great deal of trouble to work. My kidney caused a great deal of annoyance also. I used all sorts of remedies with little benefit. Three boxes of Doan's Kidney Pills put me in good shape and the aches and pains left me."

Price 50c, at all dealers. Don't simply ask for a kidney—get Doan's Kidney Pills—the same that Mrs. Owsley had. Foster-Milburn Co., Props., Buffalo, N. Y.

TREES

Nurserymen Since 1841

Ottawa

Quite a number of prominent farmers of this section have covenanted their tobacco crop to the Danville Tobacco Warehouse recently and came back reporting satisfactory sales.

Mr. J. W. Weaver and family have moved into the property of Charley Webb, recently vacated by Fred Wallin. Mr. Wallin will locate on Mr. John Hendricks' farm in Lincoln.

Born to the wife of James Brown, Jr., on the 9th, a baby boy.

J. B. Sutton is enlarging his garden and contemplating raising a potato and corn crop.

Yerkes Taylor of Cincinnati, is spending the winter with his sister and brother-in-law, Mr. and Mrs. F. Proctor.

Pete Burke and family will leave for Harlan in the near future.

J. S. Cash, the merchant is doing a hustling business.

Laswell and son are erecting a new building and intend to install a roller mill which will be a great thing for the community.

Homer Brown, of Parker, Ind., has been visiting his grandparents, Mr. and Mrs. Tart Proctor and other relatives of this place.

Mr. David Wallin and Miss Marguerite Anderson, both of this section, were united in marriage on the 9th. Rev. Brock officiated. The groom is a courteous young gentleman and son of Mrs. Malvina Gibson of near Mt. Zion section and the bride is an attractive young daughter of Mrs. Sallie Sowder, of this place. We extend to them our best wishes and congratulations on their journey through life.

Union school closed Friday with a large crowd of students and visitors in attendance.

J. J. Brown sold three head of cattle to an unknown party for \$34.

Messrs. Homer Brown and Graden Proctor were the guests of Eugene Rogers and family of near Bee Lick Tuesday night.

Mr. and Mrs. Charley Brown visited the former's parents, Mr. and Mrs. J. J. Brown Wednesday night.

Mr. and Mrs. Russell Reynolds made a short call on the latter's parents, Mr. and Mrs. Thomas Burke Tuesday evening.

Constipation Causes Bad Skin

A dull and pimply skin is due to a sluggish bowel movement. Correct this condition and clear your complexion with Dr. King's New Life Pills. This mild laxative taken at bed time will assure you a full, free, non-gripping movement in the morning. Drive out the dull, listless feeling resulting from overloaded intestines and sluggish liver. Get a bottle today. At all Druggists, 25¢.

Unlawful To Sell Candy on Sunday

Gilbert McAfee, who conducts a store at Salvisa, Mercer county, must pay a fine of \$50 for selling five cents worth of candy on Sunday to James Kennedy. The Court of Appeals last week sustained the \$50 fine imposed by the lower court on the grounds that the sale violated the statute prohibiting working on Sunday. The court declined to lay down a rule concerning the conduct of business on Sunday which had been asked for in deciding this case.

junction City

Mr. W. A. Reynolds had a man shoveling snow off his store roof Monday, as it was too heavy and might have landed on his stock.

The three big snows which fell Friday, Saturday and Sunday nights and all day Saturday and Monday, made 18 inches of snow on the level, caused all freight train traffic to be at a stand still, delayed passenger trains for hours till big Jack's freight engines could help push them through snow drifts, and up grades. One L. & N. passenger from Louisville stalled in the snow Monday at the depot and an engine from Livingston had to come to pull it out.

Mr. L. T. Rankin, our efficient street commissioner had Mr. Milford Lay scrape the principal sidewalks Monday so as to make walking possible, though some of the residents and business men had already cleaned their walks.

Prof. E. L. Grubbs and son, Bill, broke a road up the school house hill with a horse and snow plow Monday through a drift two feet deep in some places, so the girls could attend school Wednesday.

Our County Superintendent of Schools, Miss Lydia Lewis is trying to get an auto truck to go after and return home the pupils of the Alum Springs neighborhood during the next three wintry months of bad walking weather. Jesse C. Minor is a bidder for the job.

Our faithful chief of police, Mr. Joseph Bonta and friend, Mr. James Pierce, of the Standard Oil Company here are boarding with Mr. C. A. Rosel at his new home-like hotel.

Mr. and Mrs. Rudolph Rosel will soon be at home to their numerous friends at the Burke millinery store building in the rear rooms.

Mr. Blankenship, father of Mrs. James G. Blaine has been very sick for three days of cold.

The funeral of Mrs. George Hunn, mother of Mr. W. B. Hunn was held at the Presbyterian church Friday at 11 o'clock and her remains were interred in the Hustonville cemetery. She died in Arkansas, where she moved with part of her family several years ago. She leaves a daughter, Mrs. Fannie Smith of Arkansas and

Children Cry for Fletcher's**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of **Dr. H. Fletcher**. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Poorly ventilated, drafty school rooms
are a frequent source of colds. Contact with
children who have colds is another cause.

Damp clothing and wet feet are often responsible for
that croaky cough, sore throat and tight chest.

Dr. King's New Discovery is the remedy for your
children when they catch cold. Grown-ups like it too.
For nearly 50 years it has been used in bronchial affections
with satisfactory results. It quickly loosens the cough
and checks the cold.

Your druggist has sold it
for years. Try it.

January Live Stock High

\$12 Quotable For Prime Beeves On
Chicago Market—Survey Of
Live Stock Situation

Chicago, Jan 15.—January live stock markets have developed sensational features. Eastern demand has been a stout prop under the price list in every department, and feeders have injected strength by free purchasing of thin cattle and sheep, competing with packers in both markets.

There are few fat cattle anywhere, but Chicago and buyers have been active at a period when their movements are usually slothful. War demand is the factor in the cases of cattle and hogs and scarcity the keynote in sheep and lambs.

No prime cattle are available, but \$12 is quotable, hogs have crawled close to \$11 and \$14 has been paid for lambs. The big packers have lost all semblance of market control and underlying strength has been indicated by frequent strong finishes, which is irrefutable evidence that supply is not equal to trade needs.

Heavy cattle have all but disappeared. A string of Nebraska-fed bullocks weighing 1,525 pounds sold at \$11.75 at the opening of this week, with others from the same source at \$11.65, but in a run of 27,000 there were few steers weighing over 1,400 pounds and not many able to pass \$11, the bulk selling at \$9@\$10.50. The market is strong at 25¢ higher.

than last week, weighty bullocks being at the high point of the season, when quality is taken into the reckoning.

Margins of \$2.50@3 per cwt. on fat cattle and the highest January market in trade history have stimulated demand for fleshy steers at unprecedented prices when weight is considered. At Chicago packers do not permit many such cattle to go back to the country, but by paying \$9@\$9.25 at Missouri river markets finishers have secured a considerable number.

The situation is pregnant with possibility and unless vicissitude invades the fat cattle market lofty prices will be paid for feeders during the next 90 days regardless of the feed bill.

Condemnation of dairy-bred cows for tuberculosis is always severe during the first three months of the year, and such cattle are encountering reasonable discrimination. Desirable cows and heifers are selling as high as at any time this season, others being 10@15¢ lower than last week. Most of the butcher cows are selling at \$5.85@7, with heifers at \$6.25@7.75, choice cows being quotable to \$8.75 and yearling heifers at \$10.50.

Eastern demand has advanced bologna bulls 10@15¢, the bulk selling at \$6.25@7, with fat bulls largely at \$7.25@8.

May corn was quoted at \$1.01 Monday, reaching the highest price on the crop. Foreign buying was the chief incentive for the advance. In Liverpool the price equaled \$1.95 per

bushel. Strength of the British market in the face of a liberal Argentine movement is puzzling, as England uses little corn. Primary receipts are less than half those of a year ago. The bull party concedes that corn is still about \$1 lower than wheat and that, with unprecedented conditions existing in grain trade all over the world, price is a secondary consideration. Eastern cash demand is strong, which is indicative that values are on an intrinsic basis. Present prices are the highest since 1892, when the market was cornered. Any improvement in the ear situation will be a bull argument.

Hogs have been relatively higher at eastern markets than Chicago and shippers have been largely responsible for the 50¢ advance of the past week. In Chicago \$10.90 was paid Tuesdays, Pittsburgh and Buffalo being on an \$11@11.25 basis. At the crest of the January rise early this week \$10.50@10.75 was paid for the bulk of the mixed hogs in Chicago. The January run has been far below expectancy and an impression is developing that the heavy December movement will not be repeated, as the residue of the winter crop is in strong hands. While the claim is made that prices are top-heavy, the fact remains that killers need every hog available and that the big packers have trailed the recent advance, although somewhat reluctantly. A year ago packers were putting up droves at \$6.75 and current prices are \$8 per cwt. higher than the mid-January average of the past five years.

At Buffalo \$14.50 was paid for lambs this week and in Chicago city butchers paid \$14. Packers have been practically forced out of choice lamb trade and are paying \$13.35@13.65 for a second grade that looks high by comparison. Lambs and yearlings have gained 25¢ during the week, the sheep phase of the trade holding strong. Both native and western ewes are selling to \$10, with the bulk at \$9.50@9.80. Wethers are too scarce to quote, that trade being on \$10@10.50 basis. Choice light yearlings are quotable to \$12.50, sales of 86-pound stuff being made at \$10.40, with 92-pound goods at \$12.30 and big yearlings at \$11.25. The market is on a semi-famine basis, feedlots east of the Missouri river having been depleted and the Colorado movement not having fairly started. Pelts have declined 35¢, that market being on a \$3.25@3.40 basis, due to weakness in slats, as wool is strong.

Some wool has been already sold on the sheep's back at \$6@37¢ in the west and eastern dealers show a disposition to buy on that basis. It is a season of inactivity, but the market is strong. Domestic dealers realize that import requirements must be secured from a world-wide diminishing supply. The great bulk of foreign wool is produced in British possessions, practically all of it being under embargo at present, and this control will in all probability be continued until after the war, when the struggle for industrial supremacy will be resumed by European nations. The tendency of breeding all over world for the early-maturing lamb which passes into consumption before being shorn, reducing the clip from aged flocks each season. With cotton at 18@20¢ and all wool substitutes high, there is justification for a strong market for the 1917 clip.

Only the tortures of the medieval rack are comparable to the agonies which many women suffer through the peculiar weaknesses and diseases of their delicate, feminine structure.

They have found in Dr. Pierce's Favorite Prescription the one unfailing remedy which heals feminine weaknesses at their very source. This marvelous "Prescription" restores absolute health to the internal organism; stops rheumatic conditions; gives elastic strength to the supporting ligaments; vitality to the nerve centers; and complete womanly vigor to the entire constitution.

It is the perfect fortifier and regulator at every critical period from the time when they merge into womanhood until the "change of life." It is the one medicine which makes motherhood safe and almost free from pain.

KENTUCKY TESTIMONY.

Louisville, Ky.—"I have been so well satisfied with Dr. Pierce's Pleasant Pellets that I am more than glad to recommend them. They have been a family 'stand-by' for fifteen years. My husband suffers severe headaches with them. I have used them myself for the purpose advertised and they are wholly reliable, pleasant and efficient. I have given them to all my four children and the results have been for their benefit in every way."—Mrs. Joe RAYMOND, 311 N. 18th St.

Dr. Pierce's Pleasant Pellets, the best laxative and liver regulator for constipation, biliousness and headache.

The seed was furnished by the government and is known as Resistant Burley. It is the result of experiments covering a long period and costing many thousands of dollars. The theory that the infestation of the soil with Shilavita, known as root-rot is the cause of crop failures after land has been in tobacco several years, and that failure is not due to depletion of the soil, appears to be borne out in results here.

The land is on the Maysville road, just beyond the city limits. It has been in cultivation almost ever since Lexington was a town. When Mr. Shropshire bought it, it was in rye stubble. When he proposed to grow tobacco, he was told that it was too badly worn to produce it. He could not get a tenant on the share basis of this condition.

His purpose not changed by these opinions, Mr. Shropshire employed a capable man on salary, had the land dressed with manure, and the tobacco planted. Only a fair crop the first year, was due to drought. Manure again was used, and the second year he had a better yield. The third crop was one of the best grown in the county. The fourth crop paused for several months, and the yield was much below normal.

The Experiment Station reported the incident to Washington, and arrangements were made with Mr. Shropshire by Dr. Garner, Department of Agriculture, for a test of the immune type seed that had been produced at the Wisconsin Experiment Station.

The preparation of the seedbed and the setting and cultivation of the crop were under the direction of James Johnson, of the Department, and R. H. Milton, a tobacco expert. Three seed beds were sown. One was sterilized with steam, the apparatus being sent here from the Wisconsin Station; one was barned with brush and the other was not treated against weed and soil germs.

The steamed bed came through free from weeds. There was not much difference in the burned bed and the one not treated, both being foul with weeds and believed to contain the root-rot bacteria in abundance.

Rows of Resistant Burley were alternated with ordinary white burley and several other varieties. The immune tobacco thrived from the start and grew to heavy weight. The other rows appeared sick from the initial frost, few of the plants maturing at all. Photographs made by government agents show the patches in several stages of growth, and the contrast between the Resistant tobacco and the product of the untreated seed is proof of the tremendous difference in results.

If the government has found a means of removing the root-rot disease, and through its removal has extended the viability of tobacco land to numerous years, results to the industry will be far-reaching.

Mr. Shropshire now expects to put the land back in tobacco for the sixth consecutive crop next year, and to replant it in future years if the results of this experiment are verified. Thomas McDaniel has had charge of the cultivation of the five crops. The most important results in Mr. Shropshire's estimation are the efficiency of steam in sterilizing seed beds, the resistance of the type to bacteria with which the soil was richly infested, the sufficiency of manure as a fertilizer and the suggestion that limestone soil will grow tobacco indefinitely. Some of the stalks were allowed to seed, and this has been sent to Washington.

Important Tobacco Test

Is Being Made By Government Experts Near Lexington

Much interest was aroused at the recent Tobacco Show in Lexington by the display of a hand of the weed which was an exhibit in a test being made by government experts on the land of Earl F. Shropshire, in the suburbs of Lexington. The result of the test will go far towards being a benefit to every tobacco grower in the country, and embodies possibilities of a revolution in the burley growing industry.

As far as the test has proceeded, established theories are upset, and the chief conclusion that appears to be justified is that the land of the Limestone Region will grow tobacco many successive years if root-rot can be eradicated.

It is an accepted tenet in tobacco culture that land is exhausted after the production of several crops of tobacco—usually two—and has to be "brought back" through rotation and fertilization. The tobacco produced in this test is the fifth consecutive crop on the same land, and follows a near-failure due to root-rot last year. Fifteen rows, each three hundred feet long—about half an acre—this year yielded 215 pounds, which sold at an average of \$13.80 per hundred.

The seed was furnished by the government and is known as Resistant Burley. It is the result of experiments covering a long period and costing many thousands of dollars. The theory that the infestation of the soil with Shilavita, known as root-rot is the cause of crop failures after land has been in tobacco several years, and that failure is not due to depletion of the soil, appears to be borne out in results here.

The land is on the Maysville road, just beyond the city limits. It has been in cultivation almost ever since Lexington was a town. When Mr. Shropshire bought it, it was in rye stubble. When he proposed to grow tobacco, he was told that it was too badly worn to produce it. He could not get a tenant on the share basis of this condition.

His purpose not changed by these opinions, Mr. Shropshire employed a capable man on salary, had the land dressed with manure, and the tobacco planted. Only a fair crop the first year, was due to drought. Manure again was used, and the second year he had a better yield. The third crop was one of the best grown in the county. The fourth crop paused for several months, and the yield was much below normal.

The Experiment Station reported the incident to Washington, and arrangements were made with Mr. Shropshire by Dr. Garner, Department of Agriculture, for a test of the immune type seed that had been produced at the Wisconsin Experiment Station.

The preparation of the seedbed and the setting and cultivation of the crop were under the direction of James Johnson, of the Department, and R. H. Milton, a tobacco expert. Three seed beds were sown. One was sterilized with steam, the apparatus being sent here from the Wisconsin Station; one was barned with brush and the other was not treated against weed and soil germs.

The steamed bed came through free from weeds. There was not much difference in the burned bed and the one not treated, both being foul with weeds and believed to contain the root-rot bacteria in abundance.

Rows of Resistant Burley were alternated with ordinary white burley and several other varieties. The immune tobacco thrived from the start and grew to heavy weight. The other rows appeared sick from the initial frost, few of the plants maturing at all. Photographs made by government agents show the patches in several stages of growth, and the contrast between the Resistant tobacco and the product of the untreated seed is proof of the tremendous difference in results.

If the government has found a means of removing the root-rot disease, and through its removal has extended the viability of tobacco land to numerous years, results to the industry will be far-reaching.

Mr. Shropshire now expects to put the land back in tobacco for the sixth consecutive crop next year, and to replant it in future years if the results of this experiment are verified. Thomas McDaniel has had charge of the cultivation of the five crops. The most important results in Mr. Shropshire's estimation are the efficiency of steam in sterilizing seed beds, the resistance of the type to bacteria with which the soil was richly infested, the sufficiency of manure as a fertilizer and the suggestion that limestone soil will grow tobacco indefinitely. Some of the stalks were allowed to seed, and this has been sent to Washington.

SENSITIVE THROATS

need careful treatment from within more than they need banding wraps during changing seasons.

The pure cod liver oil in

SCOTT'S EMULSION

is helping thousands to strengthen the tender linings of their throats, while at the same time it aids the lungs and improves the quality of the blood.

Scott & Bowe, Bloomfield, N.J. 16-12

Crab Orchard.

Mr. W. D. Edmiston made a business trip to Louisville last week.

Mrs. Sam Tiffey and Miss Nerve have been visiting relatives in Williamsburg and Corbin.

A Teachers' Class has been organized by Rev. Pervis at the Christian church with fourteen members to begin and several more to be added next meeting. Thursday evenings at 7 o'clock is the hour for meeting. Everybody wanted to take part.

Mrs. M. E. Fish has been quite sick with bronchitis and Dr. Harmon was called in to attend her. She is able to sit up at this writing.

Mrs. Walter Goodwin has been sick for several days and Maymie Holman works for her at the exchange.

There will be services at the Christian church Sunday by the pastor, Rev. Pervis. Subject for morning "The Great Salvation," evening service "Jesus, The World's Mystery." Everybody cordially invited to be present.

Crab Orchard has been completely bound by the heaviest snow seen for many long years. Almost an entire week without any sunshine and colder weather than for many winters, with coal at highest price, ever. The outlook is bleak indeed. But high up above all this gloom the beautiful sunlight illuminates space and as its rays penetrate these dense clouds the earth will throw aside this burden and again rejoice because the light has come.

Dr. W. J. Edmiston has just returned from a visit to friends in Meridian, Miss.

Mr. James T. Chadwick is able to get up after a most severe siege with carbuncles on his neck.

The many friends of Mr. T. Hill Buchanan of Louisville, will be glad to learn of his promotion to foreman over one department in the Peerless Manufacturing Company and assistant foreman over two other departments by President Finch. Hill has been bookkeeper for this factory since 1905. This is one of the largest establishments in Louisville.

ELECTRIC COMPANY WINS SUIT

The \$55,000 damage suit against the Danville Electric Light Company for losses sustained when the Gilcher hotel burned three years ago, resulted in a verdict for the electric light company. It was found that the company was not responsible for the wiring and that even if it was the building was not set on fire by the electricity.

STOMACH Ailments The Nation's Curse

There is no ailment causing more woe and misery than Stomach Trouble. SMILE MIRRORS ROBUST HEALTH

Dayton Man One of Many Who Have Shaken Off "Grouch."

"Cheerfulness is the first essential to success in life," said the Tanlac Man. "Good health is the first essential to cheerfulness."

"Robust health is reflected in a man's face. His smile indicates his physical condition just as a gloomy look betrays health worries." Take the following case of a Dayton man:

"For months Charles Emrick, foreman of the Ellis Bach & Sons To-

CHARLES EMRICK.

bacco company, suffered from various bodily aches. Sometimes he couldn't even feed himself, but that was before I tried Tanlac."

Mr. Emrick said:

"Some nights I ached so I had to call a doctor. I felt 2500 day most of the time. In the mornings I was exhausted. Sometimes, when I sat down to a meal, I couldn't raise my hand up to my mouth, because of aching arms. A friend advised me to try Tanlac. It did me lots of good. That's why I'm advising others to try it. It toned up my whole system and drove off that grouchy feeling."

Tanlac is sold exclusively in Stanford at The Penny Drug Store, E. R. Coleman, Proprietor.

Tanlac can now be obtained in following nearby cities: Moreland, Abraham Minks; Hustonville, Adams Bros.; McKinney, True & Co.; Ellensburg, Joe McWilliams; Middleburg, W. C. Bryant; Crab Orchard, Lyne Bros.; Brodhead, John Robins; Lancaster, R. E. McRoberts; Bee Lick, J. Reynolds & Son; Waynesburg, W. A. Horton.

Farm and Stock News

Rev. W. A. Penn sold his farm of 90 acres, four miles from Cynthiana on the Tricium pike to Daniel Amerman at \$90 per acre.

Hurdin Field & Son, of Woodford, recently delivered to Simon Weil, 46 head of 1,250-pound cattle sold at 9 cents.

A White Leghorn hen from Tennessee won in December in the egg-laying contest at Lexington, laying 30 eggs, missing but one day.

Tolly Young, of near Paris sold to Thomas Henry Clay, Jr., of Anderson a pair of mare mules for \$525.

He also sold to Mr. Stucky of Florida a pair of mules for \$500.

The State Racing Commission will give a premium of \$50 at each county fair in Kentucky this year for the best foal of the barren stallion standing in that county.

In Boyle county, dogs killed 25 of the best ewes of John Marrs and Matthew Grimes. In Burkhon, Lark and Wood Monroe had 38 killed and others wounded valued at \$700.

Dr. Elas, C. Clayton of Balkum, Ky., bought this week of Tiz Glenworth Farms, of Burgin, a good registered chestnut five-gaited mare, and is having her bred to Bohemian King.

M. M. Thompson, of Glenbrook Farm, bought a car-load of 100-pound stock hogs from R. A. Dodd at \$1.12 cents aboard cars at Wilmore. They were shipped to Mr. Thompson's farm in Scott county.

At Versailles last week John Ball sold to Luke P. Henshrough, of Shelbyville, a car-load of extra 4 and 6-year-old mules, averaging about 1,200 pounds, at \$215 a head. Mr. Henshrough shipped them at Atlanta.

J. W. Baughman, south of Stanford, sold to Phelps Cobb, on the Danville pike, a nice pair of coming three-year-old mare mules this week for \$300; to an Indianapolis party he sold his well known walking horse for \$182.50.

There was an advance of ten cents in the price of wheat to \$1.90 a bushel on the local market this morning. Flour has advanced forty cents on the barrel to \$1.35, with a 24-pound sack now selling for \$1.49, the highest price known in many years.—Lexington Leader.

In the East End G. D. Boone purchased a cow of F. L. Davis for \$35. J. L. Kidd sold a pair of five-year-old mules to D. B. Robinson for \$260. Wm. Anderson bought a bunch of sheets of Richard Harris for \$1.12 cents. Mr. Anderson bought about 40 more sheets from other parties at \$1.12 to 9 cents.

At the beginning of 1917 live-stock prices were on the highest plane in trade history. At Chicago prime heavy cattle were \$11.80 per cwt., weighty shipping hogs \$10.50, lambs \$13.60 and mixed sheep \$10.50. At the corresponding time in 1916 \$9.50 bought the best cattle, \$7 was the limit on hogs, \$10 stopped choice lambs and \$7.25 was outside price on sheep.

The Lancaster Record says W. B. Burton purchased 13 mules in London last Monday that cost on an average of \$113 a head. He also bought three mules of Henry Isom of Buena Vista, at \$145 each; four of John Riddle of Boyle, at the same money; three of Mitchell Taylor, that were extra nice, at \$180 a head and a pair of R. K. Speaks for \$275. Mr. Burton sold 25 head of southern mules to R. H. Best, of Warsaw, N. C., at an average of \$180. Mr. Best also purchased a load of 25 mules of R. L. Huddle & Son, of Lincoln, for \$182.50 a head. J. E. Robinson sold 18 head to W. R. Cook, for the southern market, at \$175 each. Shirley Hudson sold R. K. Speaks a nice team of horse mules, for \$375.

J. H. BAUGHMAN & COMPANY
STANFORD, KENTUCKY

Yes, Gentlemen-All, Clean—CLEAN CLEAR Through!

You have to go some to keep up a reputation as a Southern gentleman—a SOVEREIGN—King of Them All. Yes, sir! I bet I get more attention than any youngster on earth!

The folks in the factory are always at me to keep clean and sweet and pure.

*You Folks of the South KNOW good blood!
You Folks of the South KNOW good tobacco!*

So a clean, sweet, wholesome cigarette makes heaps of friends down South. And you, friend, I would like to know you too! So here's another big thing to think about—

I am guaranteed by *The American Tobacco Co.* —Buy me. If you don't like me return me to your dealer and get your money back. I have said it. A Southern gentleman is known the world over for keeping his word, and I have given you mine.

Sovereign Cigarettes

FOR THE GENTLEMAN OF THE SOUTH
"King of Them All"

We sell this great cigarette in Stanford. Try a package and you will be convinced that all the above advertisement says, is true

The Penny Drug Store

E. R. COLEMAN, Proprietor

The Columbian fair grounds, on which a fair has been held annually for thirty years, have been sold by J. H. Young to W. H. and J. A. Wakelield, of Shelbyville, for \$2,500. The grounds contain twenty acres which will be cut into town lots.

The farm, belonging to D. P. Ewing of Georgetown, and consisting of 192 1/2 acres was taken down at the sale one mile west of Dry Ridge, in Grant county, at \$14,300. It was afterwards sold privately for \$15,000. A seven-year-old mare \$80, family mare \$80, nine-year-old gelding \$70, five-year-old horse \$96; five milk cows \$47 to \$76; 35 head of sheep, \$12.25 per head; five head of weanling calves, \$29.50 per head; one brood sow \$30, five head of 175-pound hogs, \$10 per hundred; one two-horse wagon \$50, and other farm utensils sold well. Corn sold for \$4.15 per barrel.

PUBLIC SALE

I will sell at Public Auction on

TUESDAY, JANUARY 30, 1917
beginning at 10 o'clock, at my place on Green river, two miles south of McKinney, near New Salem church, the following:

Forty barrels of corn; one 7-year-old mare mule; one 4-year-old milk cow; one 2-horse wagon; one 1-horse wagon; one good buckboard; harness for each; a lot of farming tools and household and kitchen furniture; a good cane mill; a lot of hay, fodder; a lot of good barrels; a good grindstone; a good pair of wagon lines; a good saddle; a good muzzle loading shotgun, also a good breech loading shotgun; a good log chain and many other things too numerous to mention.

JOHN BROCK.

Dr. J. E. Caldwell, who resides in the western section of Boyle county, shipped this week to Wm. Henderson, slipped and fell on the ice, dislocating his left ankle and breaking a old chestnut daughter of Bohemian King, rechristened as Nora Shepherd.
